JACOB THOMAS

We have the high privilege to submit the 13th souvenir of Sree Narayana Association of North America on the occasion of 139th birthday celebration of Sree Narayana Guru. It is a difficult but unique opportunity of this magnitude that we accepted and accomplished with the help of dedicated members of our Association.

In the name of religions the world around us getting more and more violent and restless. The cast, creed, color and nationality add fuel to it.

This is a world of scientific and technological advancement. The flexibility of religions is necessary and should match with the needs of a modern society which has a higher degree of educational and rational standards. The numerical expansion should not be the goal of religions. Service to the humanity should not be identified as a particularity of any religion and be aloof from any selfish end. The safe and comfortable co-existence of all world must be preserved.

The teaching of Sree Narayana Guru is an effective philosophy to resist the religious intolerances if we consider it in our own practical life. May be this celebration to commemorate Sree Narayana Guru is a formal activity or traditional practice. But we hope our little effort to unveil the greatness of Sree Narayana philosophies may not be left in vain. Once again we repeat the words of Sree Narayana Guru "Which ever the religion, suffices if it makes a better man".

Let the light of his teachings guide us in our way of life. Let us work and go forward for the great ideals of great people. This souvenir is part of it and we are happy to present it to you, the honorable readers.

We express our sincere gratitude to those who contributed articles, compliments and advertisements for this souvenir.

Editorial Committee.
